Math Mat: Pick a Challenge Read

Let's learn!
Have a helper
place a set of
objects in a jar
or bowl.
Estimate how
many items you
think. Spill the
container
and
count.

Let's learn!
Have a helper
give you clues
on a number
they are
thinking. The
number is more
than __, the
number is
less than

Let's learn!
Make a number
line with
objects. Find a
set of I item,
find a set of 2
items, etc. all
the way
through
20.

Let's learn!
Gather a set of
20 items.
Practice skip
counting the
items by 2s, 5s,
and lOs.

Let's learn! Go on a flat shape hunt. Tally the number of shapes you find in a tally graph.

Let's learn! Help with the laundry to make matches. Remember that a match is two of something that is the same.

Let's learn! A helper will give you a number. You will state the number that comes before and after in a flash.

Let's learn! Go on a counting hunt. Can you count 100 items in your house?

Let's learn! Go
for a shape
scavenger hunt
around your
house. Can you
find a circle?
Can you find a
sphere? Record
the shape
you find.

Use a jar or bowl to make a set of 10 or 20. Use this set of objects to solve addition problems within 10 or 20.

Let's learn!

to 10. For

Collect 10 rocks

Practice finding

all the combos

example, 5 and

5 or 8 and 2.

or 10 flowers.

Let's learn! Survey your family if they like cats or dogs more. Graph your results.

Let's learn! Go

on a window

hunt for your

many windows

can you spot?

Can you count?

house. How

You say a

number and

number back

and forth.

Let's learn!
Grab IO
crackers or
chips. After you
eat each one
write a
matching
subtraction
sentence.

Let's learn!

Practice

measurina

How many

the table.

couch, etc.

shoes long is

length in shoes.

Let's learn!
Grab a deck of cards and a partner to play with. Each partner will turn over a card to see which card is more.

Let's learn!
Gather 3D
objects like a
can, ball, block,
and a cone.
Practice seeing
which objects
can stack, roll,
and slide.

Let's learn!

Have a 'half'

day. Have a

helper assist

you splitting

your food in

folding paper

in half.

halves. Practice

Let's learn!
Make a
collection of 100
items. Practice
counting and
writing your

Let's learn! Make a list of items in your house that are taller than you.

Let's learn! Use spoons and forks to practice making AB, AAB, and ABB patterns.

Let's learn! Find objects that you can sort by shortest to tallest. Then, sort tallest to shortest.

Let's learn!
Count all of the light switches in your house.
Which room has the most?
Which room has the least?

Ě

Let's learn!
Practice
counting coins
and money. Can
you show \$0.25
in multiple
ways? What
about \$1.00?

Let's learn!
Create a
writing surface
with shaving
cream, salt
tray, pudding,
etc. Practice
writing your
numbers.
